

Kebaya

@ Universiti Teknologi Malaysia

CONTENT

Selamat datang!

Welcome! Let's learn a new language while experiencing the cultural diversity of Malaysia via *Kebaya**. *Kebaya* is the Malay acronym for *Kem Bahasa dan Budaya* which translates to Language and Cultural Camp.

PROGRAMME SYNOPSIS

This is a two-week programme designed by our experts to provide an immersive Malaysian cultural experience to international participants who are interested in:

- learning a second or third/ another language;
- interacting and engaging with Malaysians; and
- experiencing Malaysia's unique and diverse culture.

Most activities will take place on campus with excursions to nearby places of interest.

Kebaya immersive programme will include the following:

- Learning a different language of your choice (e.g. Malay, English, Mandarin, Tamil, Japanese or French)
- Learning about and savouring local dishes (e.g. Nasi Lemak, Capati, Dim Sum)
- Learning how to play Malaysian traditional games (e.g. Galah Panjang, Sepak Raga)
- Learning about Malaysian traditional dances and martial arts (e.g. Zapin, Joget, Silat)

Although there is a set programme, participants may request for a tailor-made package to suit different requirements.

TEACHING & LEARNING METHOD

Kebaya employs a learner-centred approach with fun-filled hands-on practical activities conducted by experienced instructors. Participants will be assigned to a dedicated local buddy throughout their stay who will be their peer guide. Typically, participants will take part in games, competitive, interactive and creative individual and group tasks. Participants will also be encouraged to reflect on their learning experiences on assigned social media platform.

SCHEDULE

Kebaya is available throughout the year upon request.

FEE

Only **USD1000 per participant** for a **two-week programme**. The programme will commence with the minimum number of fifteen participants.

[*Literally, a kebaya is a traditional blouse worn by ladies in Malaysia, Indonesia, Singapore, Brunei, Southern Thailand, Cambodia and the Southern part of the Philippines. Historically, the dress was meant to be a modest cover for the kemban, a simple chest high sarong body cover method for females.]

ACCOMMODATION

Participants will stay at Scholar's Inn – an on campus accommodation at Universiti Teknologi Malaysia, Johor. Scholar's Inn provides twin-sharing apartment with free wi-fi.
